PERSONAL INSURANCE

As an independent agency, we offer our clients access to many national and regional personal lines insurance companies. Coverage is available for auto, home, condo, renters, umbrella, boats, and recreational vehicles (e.g., camping trailers and motorcycles).

Capital Insurance Services Corporation values your family's assets. We analyze your exposures to loss and recommend the proper coverage to match your needs. You receive the same careful attention for your personal insurance needs that we provide for your business needs.

Your risk for being sued becomes greater every year. We can help you determine whether an extra layer of liability protection—personal umbrella coverage—makes sense for you.

BUSINESS INSURANCE

We offer a wide range of options when it comes to insuring your business or practice. There are a variety of companies available to creatively fit your business needs with proper protection at an affordable price. Call for rates on property, liability, auto/fleet, workers compensation, umbrella, and many others.

PROFESSIONAL LIABILITY

Medical Malpractice & Professional Liability insurance programs have been a specialty of CISC since the early 1980s. Our agency provides unique insurance opportunities for all types of professionals in the medical field, including physicians, dentists, physicians' assistants, nurses, medical business consultants, lawyers, accountants, engineers and other professionals.

Coverage is available to individuals or their firms and organizations as a whole. Placement through the standard market is available. For non-standard risks, we provide access to surplus lines access. For qualifying guidelines, contact our underwriting team.

BONDING SERVICES

Surety Bonds are a written contract in which one party guarantees another party's performance for a third party. These are called Contract Bonds. Commercial Surety Bonds (Non-Contract) are commercial surety bonds issued by the Sureties to guarantee performance of obligations not generated by a contract. We have over 20 years of experience in this area and can help with any of your bonding needs.
